

The Woodlands/Weddington Home Owner's Association

"Pool Side Chat"

Stoney Creek Flood Plain discussion & overview of Long Term Stormwater plans with the City of Concord

When: Monday, Sept 28, 2009 @ 6:30pm

Where: Woodlands Pool

Who: David Reese, PE, Principal Civil Engineer: CESI, Inc. &
Jeff Corley, Engineering Mgr, Stormwater Services, City of Concord

Objective: The Woodlands/Weddington HOA Board engaged Concord Engineering (CESI) to perform an assessment of Stoney Creek and offer observations/suggestions with respect to the flood plain along the creek. Dave Reese, who performed the assessment, will be available to talk to the neighbors and answer any questions.

Additionally, Jeff Corley, City of Concord, will share some of the longer term plans for Stormwater management within our watershed that includes both Coddle Creek and Stoney Creek.

We have posted the Stoney Creek Flood Plain Assessment on The Woodlands Website: www.thewoodlandsnc.com

Please pass this along to Neighbors and Friends who you feel may be interested in attending this informative meeting!

Please contact Terry Maher, 704.792.1088, if you have questions.
